

## Partner With Bison<sup>®</sup> To...

### Differentiate

... your bus, truck, off-road and rail equipment using the highest quality motors and pumps that provide heavy-duty, yet light weight and compact designs, CAN functionality, long life and much more.

### Customize

... your vehicles' air- and other fluid-moving solutions, working side by side Bison<sup>®</sup> engineers who know the dynamics of fluid and have hundreds of years of cumulative experience.

### Save Time

... by running performance tests and rapid prototyping and more through a Bison<sup>®</sup> state-of-the-art engineering laboratory.

### Gain Access

... to heavy-duty transportation pumps and motors that are Buy America Compliant.

## Differentiate Your End Products With ROTRON<sup>®</sup> Pumps and Motors

- Brushless sealless pumps
- Brushless DC motors
- SAE J1939 CAN functionality
- Long life up to 60,000 hours
- Maintenance-free design

Bison<sup>®</sup> also manufactures a full line of brushless DC fans and impeller style blowers.

## Our Engineers Can Customize Your Air- and Other Fluid-Moving Solutions to...

- Heat and cool interiors
- Cool electronics, batteries & drive motors
- De-ice entryways
- Defrost windows
- And so much more!

# Sealless Pump with 3" Motor

15 GPM

40,000 Hour Design Life/15 Gallon

ROTRON®  
Transportation

## Pump

- Sealless design is leak proof; pump is magnetically coupled
- Motor is removable from pump without draining system
- Environmentally resistant to hot-water spray, salt, fog, shock and vibration
- Cast brass pump designed for heavy-duty applications

## Motor

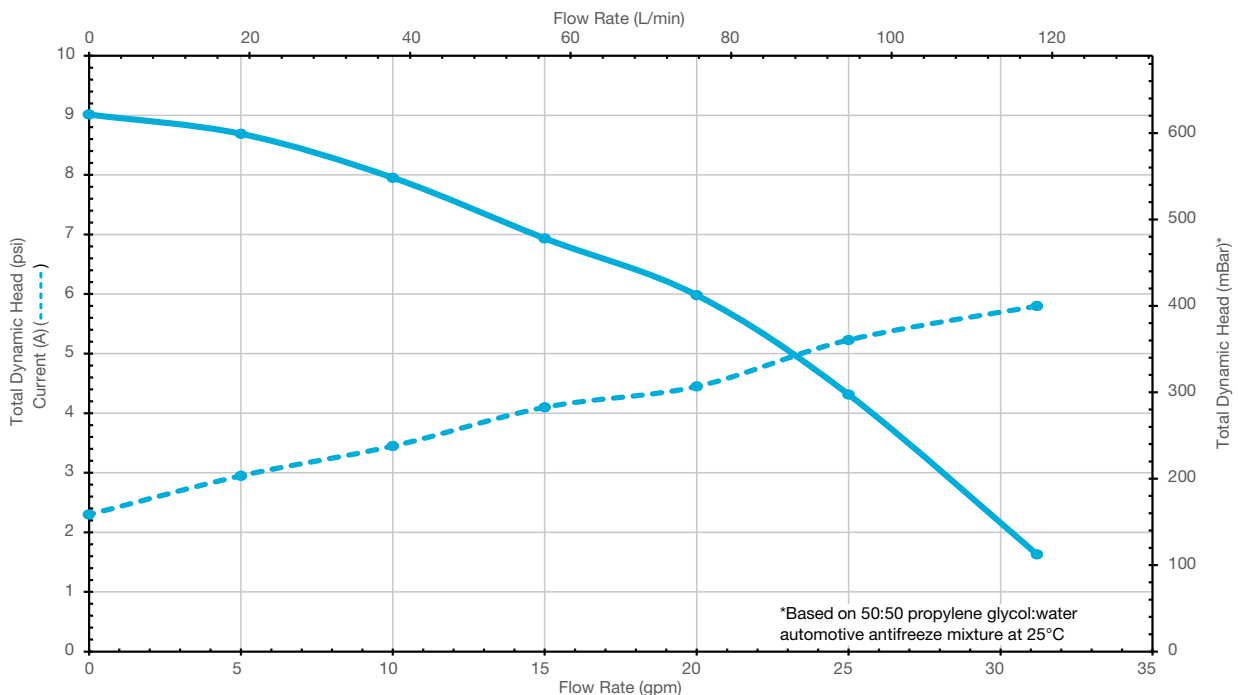

- Efficient brushless DC motor
- Electronically Commutated DC (ECDC™) motor design provides for maintenance-free operation
- "O" ring sealed for harsh operating environment
- Designed for bus and on- and off-highway applications

## Options

- Variable speed control
- Pump outlet discharge orientation
- Baseplate versions
- Hose barb versions

## Performance

# Sealless Pump with 3" Motor

15 GPM

40,000 Hour Design Life/15 Gallon

ROTRON®  
Transportation

## Typical Dimensions

- Motor design characteristics based on an operating environment of 85°C.
- Approximate typical weight 10 lbs.

This document is for informational purposes only and should not be considered as a binding description of the products or their performance in all applications. Actual performance will vary depending on the operating environment and application.

# 100

## About **Bison®**

For more than 100 years, Bison® has helped customers differentiate their products by developing robust, flexible and durable motors, blowers and pumps under the brand names - Bison® Gearmotors, Lamb®, Nautilair®, Prestolite Motors, ROTRON® Regenerative Blowers, ROTRON® Transportation and Windjammer®.

Bison® engineers thrive on technical challenges and provide customers collaborative, customizable and optimized fluid-moving, fractional and integral horsepower solutions. Bison® has worldwide sales representative support, research facilities and manufacturing facilities in the United States, China and Mexico. The company is headquartered in Kent, Ohio.

## About **ROTRON® Transportation Pumps and Motors**

For more than 75 years, Bison® has designed and manufactured **ROTRON®** brushless sealless pumps and brushless DC motors for heavy-duty transportation OEMs building trucks, buses, locomotives, light rail equipment, off-road vehicles and more.

Our ROTRON® transportation products offer long life up to 60,000 hours, CAN J1939 functionality and maintenance-free designs. The fluid-moving technologies can be customized to OEM specs and are **Buy America Compliant**.
